## **FAQ's**

### **Do I need a computer to bid?**

NO, you do not need a computer. Everything can be done from your phone, easily.

### **Do I need a phone to bid?**

NO, ask the auction staff to bid for you if you do not wish to do it yourself.

### **Why do we need a credit card to register?**

We use it as a security measure to verify your identity. You will NEVER be charged a penny without your consent and your card information is NEVER seen by us nor shared with anyone other than a verifying company.

### **Do I have to pay with a credit card?**

NO, only if you want to. A 5% transaction fee applies to credit card purchases. You may pay with cash or check where you checked in or by seeing a member of the auction staff. Your receipt will be emailed or texted to you.

### **How do I get my purchases?**

Nearly all of the items are at the auction and available for pickup once paid for. See details with each item and ask the auction staff if needed.

### **How does the auction close?**

Horse race style so there is no sale order; the bidders determine it. Once each auction enters countdown mode (less than 5 minutes to bid) a bid placed on any item will reset the clock to 5 minutes. The auction will extend until no bids are placed for 5 minutes. Please note that the reset time may be adjusted if an auction extends for more than 90 minutes.

### **What if I forgot my password or need other technical assistance?**
